  - ❖ Lesson 3: Using Units to Estimate and Measure Length
  - ❖ Lesson 4: More Measuring Length
- Please make sure you are practicing addition math facts with your child at night to help with their recall of their facts.

Schrift & Kalitzky

### L.A. Log Reading

We read Moving Day in our anthology, about a crab who is looking for a new home. I am so proud of how much the children have grown this year in their reading. Keep encouraging your child to read at home because the more practice they get the better they will become. Students will be identifying sight words right before winter break. Please make sure you are practicing the sight words that your child doesn't know each night.

### Writing

We spent the week writing a paragraph about what why we've been good this year. The kids brainstormed things that they have done to show that they have been good. We wrote paragraphs on Thursday of the week. We have been working on editing our own writing and fixing our mistakes. We have also been working really hard on our handwriting.

### Reminders

- Please remember to send jackets, hats, and gloves to school. If your child wears winter boots to school please make sure your child has gym shoes to change into.
- Please send in your wrapped book for the classroom book exchange by 12/19. Please don't spend more than \$4 on a book.
- Our winter party will be on 12/20 at 1:00. Parents are welcome to attend and help out. We will be making gingerbread houses on 12/16. Please use the sign up genius on Bloomz to sign up for donations for this activity. Thank you for your help with this!

**REMEMBER TO READ AT LEAST 20 MINUTES EACH NIGHT!**
