Math Minutes

- Math Centers
- Topic 13: Time
 - ❖ Lesson 2: Telling and Writing Time to the Hour
 - ❖ Lesson 3: Telling and Writing Time to the Half Hour
 - ❖ Lesson 4: Use Date from a Table
 - ❖ Topic Test
- We will start Topic 6 when we get back from winter break. This topic is called Subtraction Facts to 20.
- Please make sure you are practicing addition math facts with your child at night to help with their recall of their facts.

Schrift & Kalitzky

L.A. Log Reading

We read The Kite in our anthology, about a little family who makes a kite and then flies it. Keep encouraging your child to read at home because the more practice they get the better their reading will become. I have so many students that have turned in a bunch of reading logs. Keep up the great work! Students need 5 reading logs turned in by the end of the year. Please make sure you are practicing the sight words that your child doesn't know each night. I sent home an updated sight word report in Friday folders.

Writing

We spent the week free writing this week. The kids were able to free write about whatever they liked this week. As a student finishes a piece they put it in the take home bin to share with you at home. I love to see all of their creative ideas when they get a chance to free write.

Reminders

- Thank you to all of the parents who sent in gingerbread house making supplies, books for the book exchange, and supplies for our winter party. The kids had a blast! Also, thank you to all of the parents and grandparents that came to help us with our gingerbread houses and our winter party.
- Please make sure you are practicing sight words over winter break that your child hasn't mastered.
- Also, read and fill out reading logs over winter break.

REMEMBER TO READ AT LEAST 20 MINUTES EACH NIGHT!
