### L.A. Log Reading

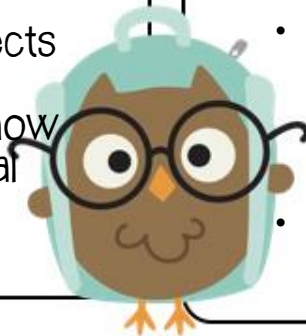

We continued to practice literacy center rotations this week and complete assessments. I have listened to all the children read one-on-one and am excited about their progress. We will start guided reading groups next week so make sure to read those books at home and send back the Ziploc bag. Our story from the anthology this week was *Mac the Cat*, which we read together.

### Writing

This week we wrote about school activities. The students brainstormed individual things they like to do at school in a web, wrote rough drafts, watched me write a paragraph, and then wrote one independently at the end of the week.

### Math Minutes

- Practicing Math Centers
- Topic 1: Understanding Addition
  - ❖ Lesson 5: Introducing Addition Expressions and Number Sentences
  - ❖ Lesson 6: Stories About Joining
  - ❖ Lesson 7: Adding in Any Order
  - ❖ Lesson 8: Problem Solving: Using Objects
- Whole-group activities now but will move to individual papers soon.

### Reminders

- Please empty and return Friday folders on Monday. Make sure to send in signed Okie reports on Monday too.
- Remember to send back learning center books by Tuesday so your child can check out a new library book.
- Homework for next week's activities is attached to the newsletter.

**REMEMBER TO READ AT LEAST 20 MINUTES EACH NIGHT!**
