

# Reading Strategies

1. I look at the pictures.

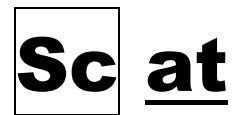

2. I think about the story – does it make sense?

3. I get my mouth ready to say the sound.

4. I see what I know in the word.

5. I listen to hear if it sounds like people talk.

6. I think about a rhyming word I know to help me with a tricky word.

“may, say,  
play”

7. I try a word and see if it makes sense, sounds right, and looks right.

8. I skip the word and read on.

9. I go back and try again.
